Welcome to TrumPepeCEO

One of the key features of Trumpepe is its commitment to the community. Unlike many of the other memecoins out there, Trumpepe is constantly exploring new ideas and technologies in order to stay ahead of the curve. This means that investors can expect to see a steady stream of new features and improvements, ensuring that Trumpepe remains at the forefront of the cryptocurrency space.

Whats more?

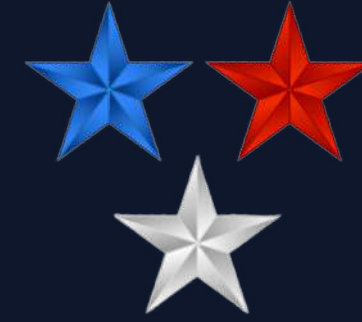

Another key advantage of Trumpepe is its strong community. The team behind Trumpepe understands the importance of building a strong community of investors and supporters. That's why we are constantly engaging with our followers, hosting events, and working to build a sense of camaraderie among Trumpepe holders.

Vision

Trumpepe CEO's vision is to create a community that becomes an army, always with the intention of being a lucrative investment. Through our self double boost burning contract, we ensure a steadily increasing token price! But we don't just want to be an investment product. As the name suggests, it's all about being trending and having fun! For even more fun and enjoyment, Trumpepe CEO implements a decentralized Certik audited lottery system and Trumpepe Plinko! Try your luck - Fun is guaranteed!

NFTs

Trumpepe CEO NFTs

The manifestation of Non Fungible Tokens (NFTs) in the market is inevitable, and the NFT community is growing rapidly. Being part of the next generation, \$TPC will release its own NFT Collection when the milestone of 10,000 \$TPC holders is reached. These 10,000 NFTs are all unique and are searching for an owner on the blockchain. 40% of the Profits will be distributed among top 500 \$TPC

Plinko

Trumpepe CEO Plinko

Trumpepe Plinko is a decentralized, immutable, on-chain crypto game where users drop pucks into the trumpepe pegboard. The payout is determined after the puck falls through the pegboard and lands in a bucket where each bucket is assigned a multiplier. Utilizing a robust and reliable Chainlink VRF (verifiably random function) makes Trumpepe a verifiably random game. This provides players with provably fair outcomes which are impossible to corrupt.

Trumpepe CEO Lottery

Trumpepe CEO will launch a lottery on the Binance Smart Chain. Major characteristics and improvements that Trumpepe decentralized lottery will bring are:

Transparent

Trumpepe Lottery System will be built on Binance Smart Chain blockchain, operates with high level of autonomy with its data and

Borderless

Players who own cryptocurrency can participate in Trumpepe Lottery from anywhere at anytime.

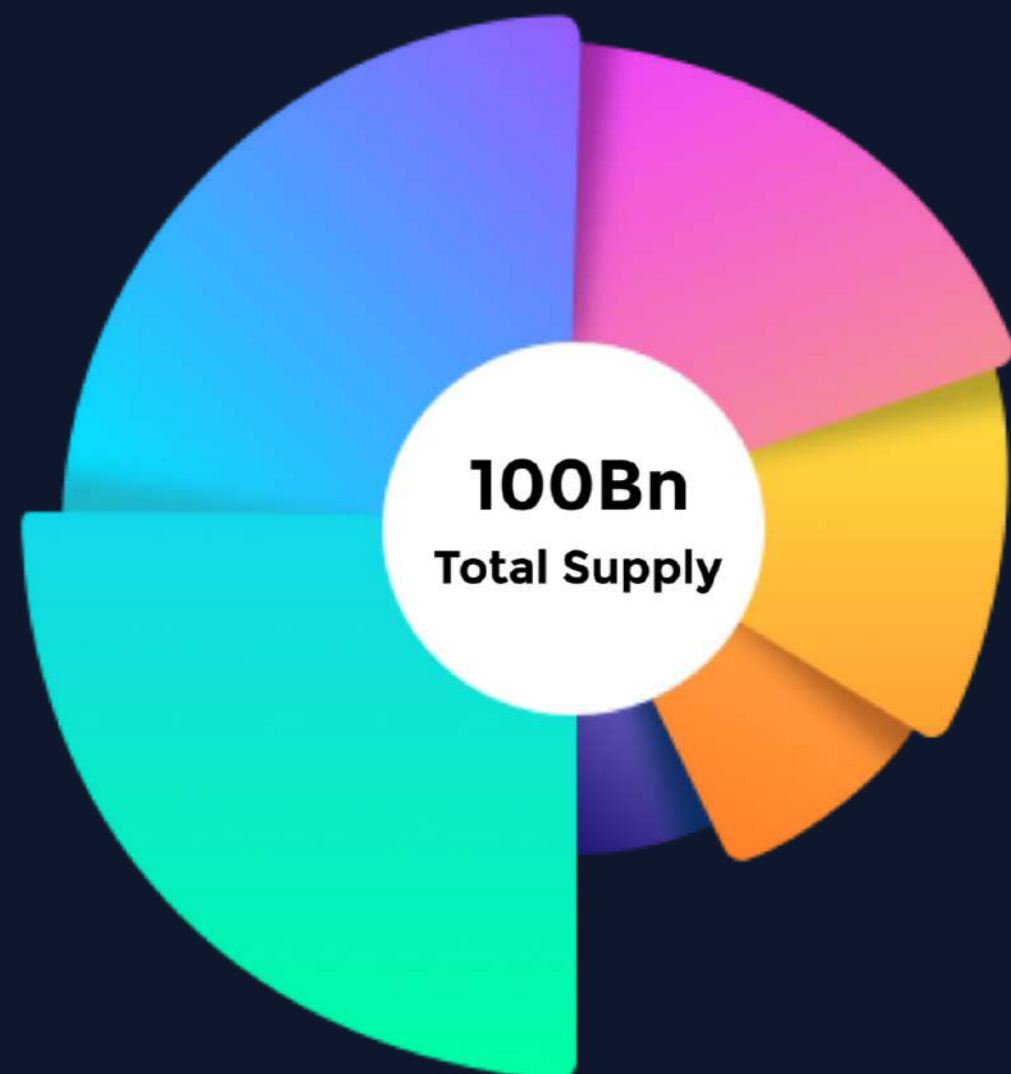

Truly Random Winners

Random Number Generation (RNG) method which is used to produce winning numbers is secure and fair and makes manipulation and fraud impossible.

Tokenomics

Total Supply will be distributed in the following ways:

10.% Initial burn

Trumpepe CEO Burn

Trumpepe CEO will not only always be an investment in demand, but Trumpepe will become more valuable and harder to accumulate over time. Trumpepe CEO's initial burn was 10% of the total supply. In addition, there's 32% allocated for regular burn events. \$TPC tokens will be burned by automatically transferring tokens to the dead wallet (0x00dead). This will gradually decrease the circulating supply and thus increase the price of Trumpepe CEO. The total number of burned tokens can be monitored at bscscan.com

HOW EVERYTHING COMES TOGETHER IN OUR ROADMAP
